To make it even easier

- Only basic computer skills are required. You only need to be competent with a keyboard and mouse.
- We install *SuperSchedule* on your PC or network.
- We train you using your data. This means you will be able to start scheduling at the end of one two hour training session.
- We provide free support for the first three months to help you use *SuperSchedule* to its full potential and troubleshoot any problems.
- Our service is a truly personal service no matter where you are. For remote clients, this can all be done easily using the internet and telephone, so there are no extra expenses or long waits involved.

The Next Step

Thank you for taking the time to watch our *SuperSchedule* presentation.

If you would like a full demonstration of this powerful but easy to use software you can arrange a personal obligation-free demonstration at your site, using the internet and telephone. (No special skill or software required).

We have many years of experience in the Australian furniture and joinery industry and would be happy to show you how *SuperSchedule* can adapt easily to suit different work practises and help you stay competitive.

You can also integrate *SuperSchedule* now or at a later date with our other products

QuikQuote - Quoting and Price Listing.

PowerPurchase - Ordering and keeping track of outstanding orders.
